

I am grateful to the Universidad de las Américas Puebla for the support of this work and for the resources of the Data and Knowledge Management Group, CENTIA. I wish to thank Dr. Alfredo Sánchez for academic support, dedication and patience. I also wish to thank Dr. Héctor Jiménez, Dr. Mauricio J. Osorio, Dr. Oleg Starostenko and Dr. Aurelio López. Thanks are also due to my classmates and friends - special thanks go to Claudia and Lulu for their wholehearted support. Finally, I wish to thank to my mother, husband, brother and daughter for their patience and love.
